If you have a favourite brand or special item we have not included, please just ask and we will do our best to locate it for you.

Ordering

Products with a per kilo pricing may be ordered in smaller quantities - our suppliers will try to cut and/or pack the amount requested, but please be aware that the delivered amount may be slightly more or less than ordered.

All prices are guaranteed as advertised. If an item is out of stock, we will substitute a similar product of at least the same value (and charge the lower) unless otherwise instructed.

Also known as Garbanzo beans, Kabuli chickpeas have been used traditionally in many Asian, Mediterranean and Middle Eastern dishes and are now a popular choice with fine food lovers.

The Red or Persian Lentil, which is more commonly sold split, is commonplace in many Asian and Indian recipes. The variety 'Northfield' is an Australian variety that is much sought after overseas whole, due to its small plump shape and it's consistent seed coat. Like the French green lentil its small size means no soaking and adds an earthy, slightly spicy flavour to numerous dishes.

Capers are the buds of a flowering shrub, harvested from mid-May until August. Every eight to ten days, the plant produces capers of various sizes - the smallest are the most prized as they are sweet and tender. Packed in sea salt to retain their flavour and texture. Before using soak in water for 10 minutes, then re-rinse to eliminate the salt.

Particularly good with steamed asparagus and cracked black pepper, or steamed broccoli, lemon oil & parmesan.

1505 Victorian Olive Groves Mandarin EVO 250 ml \$17.50

The skins of Mandarins are cold pressed in Mildura to extract the oil. The resultant oil is blended with Harvest Blend extra virgin olive oil and is characterized by the light but distinct aromas of freshly peeled fruit. Taste testing the oil reveals a tang on the front palate with a clean, clear flavour. Mild pepper comes through late on the back palate. Overall sensations of citrus and grassiness. Uses: All fish dishes. For breakfast with toasted fruit bread. Leaf salads of all descriptions. Plain boiled rice with liberal slurps of oil and served with a spicy lamb curry. Mandarin sorbet and a dash of oil. Mandarin cake – use oil instead of butter.

Priest choker in Italian. There are several legends to explain the name "priest choker". As legend goes that wives would customarily make the pasta for churchmen as partial payment for land rents (the Catholic Church had extensive land properties rented to farmers), and their husbands would be angered by the priests eating their wives' food to wish the priests would choke as they stuffed their mouth with it. The name surely reflects the diffuse anticlericalism of the people of Italy. Strozzapreti pairs nicely with chunky meat, chunky vegetable, cream, or oil based sauces. Also, these shapes are great for baking dishes. Cooking time 12 minutes in boiling water.
